1984 — ANNUAL REPORT

Prepared by Technical Services Unit

Director

STATE OF IDAHO

DEPARTMENT OF LAW ENFORCEMENT

JOHN V. EVANS
Governor

TO: ALL CRIMINAL JUSTICE ADMINISTRATORS
STATE OF IDAHO

Submitted herewith is Idaho's Annual Uniform Crime Report (UCR), as compiled by the Technical Services Unit, Police Services Division, of the Idaho Department of Law Enforcement.

This report portrays the nature, volume and extent of crime in Idaho and has been made possible through the concerted efforts of the many law enforcement agencies who consistently submitted the essential data. These data, in turn, have been provided to the Federal Bureau of Investigation for tabulation of national crime statistics and inclusion in their annual publication, Crime in the United States.

This report will assist law enforcement in management decisions and will provide valuable information for use by both private and public organizations and institutions. It is also hoped that it will enhance awareness among the general public that crime exists as a serious problem within our communities and requires attention from every segment of society. Criminal activity cannot be eliminated by law enforcement agencies acting alone; effective crime control requires active citizen participation.

Sincerely,

JOHN ROONEY, DIRECTOR
DEPARTMENT OF LAW ENFORCEMENT
STATE OF IDAHO

FOREWARD

Murder, as defined in the Uniform Crime Reporting Program, is the willful killing of another. The classification of this offense, as in all the other Crime Index Offenses, is based solely on police investigation, as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body.

Deaths caused by negligence, suicide, accident, or justifiable homicide are not included in the count for this offense classification. Attempts to murder or assaults to murder are scored as aggravated assaults and not as murder.

Aggravated Assault is the unlawful attack by one person upon another for the purpose of inflicting severe bodily injury, usually accompanied by the use of a weapon or another means likely to produce death or serious bodily harm. Attempts are included, since it is not necessary that an injury result when a gun, knife, or other weapon is used which could and probably would result in serious personal injury, if the crime were successfully completed.

LAW ENFORCEMENT OFFICERS

The killing or assault of law enforcement officers is an increasingly serious problem faced by law enforcement administrators nationwide, and it should be of the gravest concern to the public at large. Such acts directly affect the functioning of proper law enforcement operation and thus reduce the ability of our law enforcement agencies to combat crime and maintain law and order. Today, the ambitious young man who considers a career in law enforcement must also consider the risk of being killed or assaulted by a member of the society that he is sworn to protect.

In 1984, there were 299 assaults on law enforcement officers in Idaho, as compared to 269 in 1983, which is a 11.1 percent increase. While every assault did not result in personal injury to the officer involved, many of them did result in physical harm to the officer, with loss of work time.

During 1984 24.0 percent of all assaults resulted in injury to the officer, as compared to 22.3 percent in 1983. These 299 officers assaulted amounted to 17.4 percent of all sworn county and city law enforcement officers.
